

Flush Mounting System-FL

Multiple fixation methods

GM-EC-35

GM-MC-35

GM-MRH-L5
For Wooden purlin

GM-R05-light

- ①AL6005-T5, 10-micron anodized
- ②Easy installation: fast and efficient
- ③Waterproof EPDM provided

GM-EC-35

GM-MC-35

GM-MRH-LDS-AZ

GM-R05-light

- ①Applicable for various PV cell dimensions
- ②Universal for most metal sheet rooftops
- ③Made of high-quality AL6005-T5 & SUS304, high strength & anti-corrosion, longer service life

GM-MRH-07-M-B

GM-R05-light

GM-BR-02

- ①Made of high-quality AL6005-T5 and SUS304 with high strength and anti-corrosion properties
- ②Good waterproof performance and cost-effective
- ③Specially designed for specific metal sheet dimensions
- ④Easy installation with Kliploks and panel clamps
